Juniors Uniform Update — Garfin Team (BB26JUNIOR)

Two Things to Know

1. Hoodie Sizing

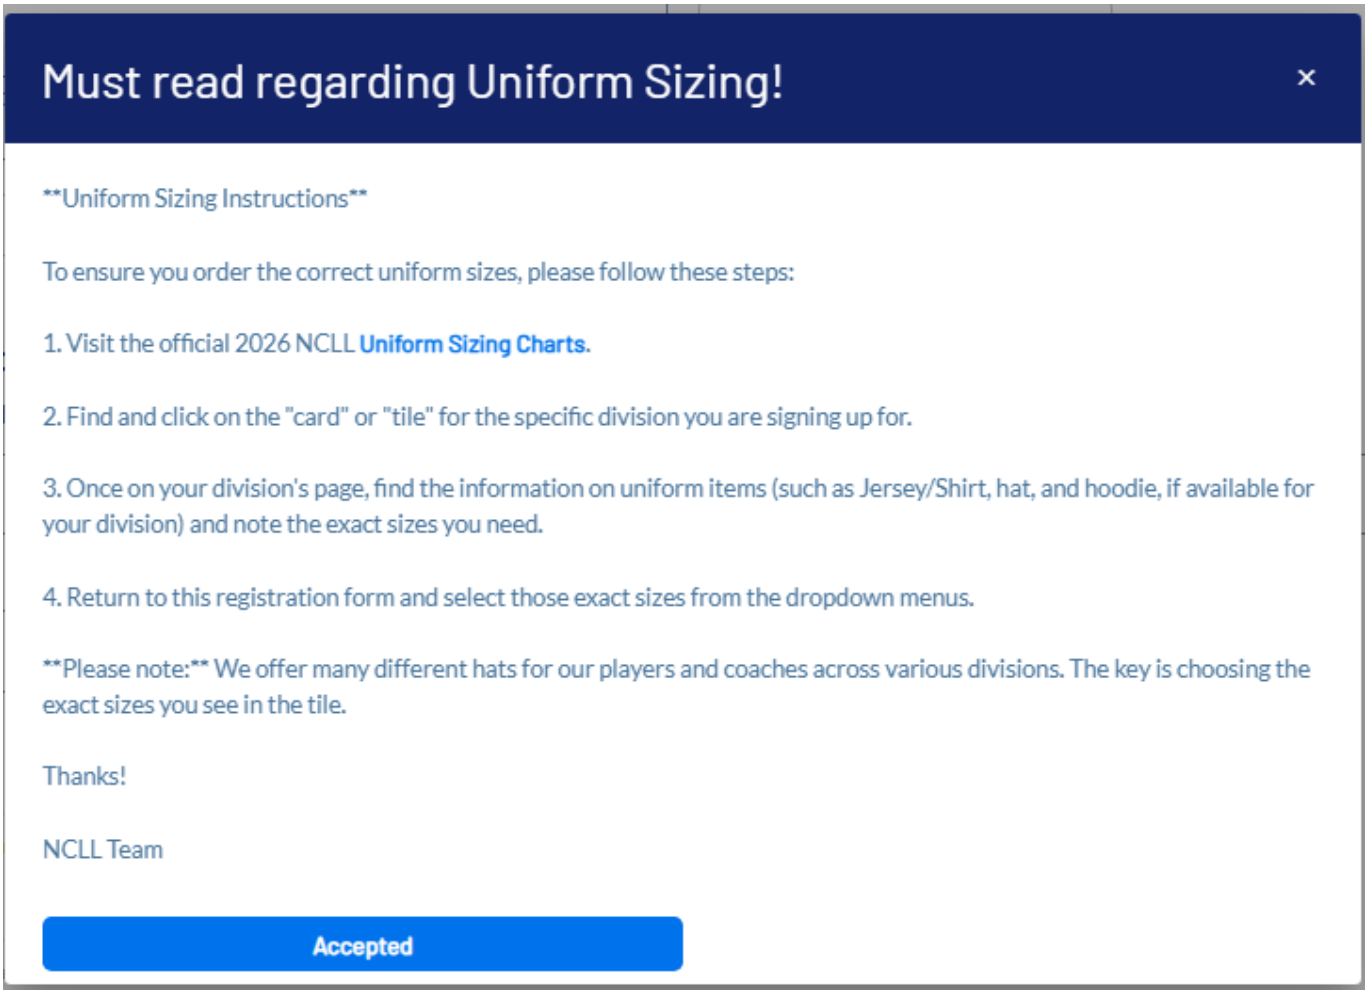
For some divisions, Chris ordered hoodies one size up from the jersey/shirt size submitted at registration. For example, if you ordered a **Large** shirt, an **XL** hoodie may have been ordered on your behalf. It's not confirmed whether this was done for Juniors specifically, but it was done for several other divisions — so heads up.

2. Hat Size — Adult Adjustable Strap

Some Juniors families selected **"Adult adjustable strap"** for hat size during registration. This happened because the registration system (SportsConnect) does not allow us to present different size options to different divisions — so the hat size dropdown is shared across all divisions and includes that option.

However, the adult adjustable strap is not available for Juniors hats.

The image below is exactly what was presented to families during registration — the instructions were clear, and parents checked a box confirming they had read them. Those who selected "Adult adjustable strap" did not follow the instructions they agreed to.



Must read regarding Uniform Sizing!

Uniform Sizing Instructions

To ensure you order the correct uniform sizes, please follow these steps:

1. Visit the official 2026 NCLL **Uniform Sizing Charts**.

2. Find and click on the "card" or "tile" for the specific division you are signing up for.

3. Once on your division's page, find the information on uniform items (such as Jersey/Shirt, hat, and hoodie, if available for your division) and note the exact sizes you need.

4. Return to this registration form and select those exact sizes from the dropdown menus.

Please note: We offer many different hats for our players and coaches across various divisions. The key is choosing the exact sizes you see in the tile.

Thanks!

So if the registration shows "Adult adjustable strap" for hat size, have them get their hats last as it's not fair to those who read the isntructions.
