

May 8th, 2026

Jason DeMotts
North Central Seattle Little League

Dear Mr. DeMotts:

Thank you for your request to use a public address system for North Central Seattle Little League games at Lower Woodland Cloverleaf softball fields.

You have been approved to use a public-address system at those fields on the following dates:
Wednesday, May 27th, 2026. Should these games be rained out, amplified sound is approved on the make-up date should the games be played at the same fields.

Please make sure to have a copy of this approval on site during your games.

The public-address system shall not be operated before 8:30AM or after 10:00PM. The purpose of the amplification is to play the Anthem and announce the players, and/or to provide music between innings. **The sound should only be loud enough to be heard right around the field, but not beyond.** The equipment approved for use is a small PA system and a microphone. Please keep the volume at an appropriate level that does not disturb the neighbors or any other play on neighboring fields.

If you have further concerns or questions, please contact Chris Delaune at chris.delaune@seattle.gov.

Sincerely,

Chris Delaune

Sr. Recreation Program Specialist, Seattle Parks and Recreation
